Legnica Jewellery Festival SILVER is one of the largest reviews in Europe presenting, promoting and documenting activities in the field of broadly understood artistic jewellery - a niche area that lies on the borderline of the fields of art, craft and design.

This event has been organised by the Gallery of Art for over forty years. Every year in May, numerous jewellery exhibitions are held in Legnica, presenting several hundred items by Polish and foreign artists, as well as accompanying events, including a seminar entitled "The Boundaries of Global Art".

Once again, the Festival programme includes a number of events focused around designer jewellery. This year's edition will include 13 exhibitions of unique artistic jewellery, posters and photographs, located in 8 exhibition sites in the heart of the town. The shows will feature around 1,000 jewellery and design objects by nearly 400 artists from dozens of countries.
